KEY SKILL

Experienced and self-motivated networking engineer with 10+ years of experience

Technology worked: DWDM, OTN, SDH, PDH and Ethernet over SDH.

Network Equipment:

CISCO: 9010 and 9001 ASR series
ECI: XDM1000, XDM2000.
CIENA: Ciena RLS, Flex Grid System, Ciena CD/CI, 5430, 5410, 4200/6200 OME6500.
Turin: Traverse 1600/2000
Infinera: OTN-DNS-11 NMS
Cable System: Equiano, 2-Africa, TIC, SEA-ME-WE-3 & 4, IMEWE, TGENA, TGNIA, I2I etc.

Software Tools/Applications: Ciena MCP, Service Now, Cygnet, Remedy, Crammer, REGI, REPC, EMS, NMS, MORI, SMIT, Citrix, COPS, TC10

Vendor Coordination: VERIZON, COLT, LEVEL3, TeliaSonera, Liquid Telecom, Century Link, Epsilon etc.

PROFESSIONAL EXPERIENCE

VOIS:

Designation: Deputy Manager

Tenure: December 2022 –Till Now

Department: VOIS Global Network.

Job Profile:

- Currently working in Sharp NOC Submarine cable system which include Equiano ,2 Africa Cable Systems.
- Using Ciena MCP handling RLS,6500 and wave servers Equipments.
- Incident Handling, Remedy & managing queue (FLT/NET/Action/QHF)
- Alarm monitoring /validation/ Investigation & involving responsible groups
- Alarm troubleshooting, Connection's testing with customer, Loop testing, card replacements etc.
- Enterprise customer circuit troubleshooting & resolution.
- Engineer Dispatch/spare arrangement/return of spare
- Change Management- Coordination, planning, communication for network change request, MOP preparation as per templates, Raising OLO Changes etc
- SIA fetching from SMIT web portal/Cramer & use.
- Inventory discrepancy issues handling & corrective process.

Tata Communications Limited (TCL):

Designation: Assistant Manager

Tenure: November 2016 to December 2022

Department: International Network.

Job Profile:

- As the first line of defence, Monitoring systems and validate alerts using an array of monitoring tools and Network management tools.
- Day to Day activity involve troubleshooting of E1, T1, DS3, STM1 and Ethernet Links related to technologies like SDH/SONET/EOSDH.
- Fault diagnostics of alarms reported by REGI (Proactive alarm monitoring tool) and working on Regi Automation Tracker Project and end to end knowledge regarding Regi tool like how ticket generation happens, rules for alarm class etc
- Resolved complaints regarding link down, latency, link flapping of international customers.
- Handled transmission equipment's like Turin (1600/2000), ECI-XDM1000/2000, CD-64/256.
- Having hands-on on Cross Connection Management, Loop testing, Performance Management for testing of T1/E1/DS3/STM-1 circuits.
- Interaction With field engineers and foreign carriers (Verizon, COLT, LEVEL-3, TeliaSonera, Liquid telecom) For fault diagnose and resolution.
- Worked on Network operation tools like REGI, REGP, Crammer, REPC.
- Co-ordination with international cable systems like TIC, SEA-ME-WE-3/4, IMEWE, TGNEA etc.
- Worked on Equipment Card RMA project where need to maintain all equipment faulty card RMA status
- Worked on Formula one (F1) Races Worldwide.

TATA TELESERVICES LTD:

Designation: Network Engineer.

Tenure: October 2014-October 2016

Department: Transmission NOC

Job Profile:

- Worked on NMS of ECI, TEJAS and Alcatel.
- Experience of new provisioning i.e. 2mbps, STM1, STM4 as per circle team requirement.
- Working on NMS system of ECI, Tejas, for allocating BW designing & mapping connectivity in network for different services.
- Responsible for New service delivery and Alarm Monitoring.
- Knowledge of alarms (LOS, RDI, LOF, AIS, etc.)
- Network Element: ECI (BG20/30/40, XDM 3000/2000/1000/500/300/100).
- Worked on creation of Trouble Ticket (TT).
- Testing, analysing and troubleshooting of E1 and STM-1 Link provided to customer from one end to another end.
- Work on fiber optical communication, links and various Nodes.
- Creation of links and different path overheads like higher order and lower orders Circuits with the properly allocating Timeslots used in STM frame for transmission.
- Worked on SDH technology includes provisioning of End to End circuits with various services in Cramer.

- Node information in STM-1, STM-4, STM-16 and STM-64 Topologies.
- Worked on NMS of ECI, TEJAS, and Alcatel for Hanging, Intervendor and CLR work.

TECHNICAL PROFICIENCY

- Knowledge of OSI Reference Model
- Networking, Internetworking
- Knowledge of LAN, WAN and MAN
- Knowledge of Routers and Switches
- Knowledge of IP Addressing
- Well known protocol RIP, OSPF, EIGRP

EDUCATION QUALIFICATION

Degree	Bachelor of Engineering
Branch	Electronics and Communication
CGPA	7.95 (74.5%)
Year Of Passing	July 2014
Institution	Sankalchand Patel College of Engineering, Visnagar
University	Gujarat Technological University

Examination	Higher Secondary Certificate (HSC)
Percentage	75.20%
Year Of Passing	March 2010
Institution	Ash Secondary High School, Vijapur
University	Gujarat Secondary & Higher Secondary Education Board

Examination	Secondary School Certificate (SSC)
Percentage	84.92%
Year Of Passing	March 2008
Institution	Ash Secondary High School , Vijapur
University	Gujarat Secondary & Higher Secondary Education Board

PERSONAL PROFILE

Name : Jitendra Dhanaji Sindhe
 Father's Name : Dhanaji S Shinde
 Date of Birth : 26th December 1992
 Marital Status : Married
 Passport NO. : M8181489
 Language Known : English, Hindi, Gujarati, Marathi.
 Permanent Address : 115 Dharati Township, T.B. Road, Vijapur-382870

DECLARATION

The information furnished above is correct and true to the best of my knowledge.

Date:
 Place: Pune

Yours faithfully
 Jitendra Shinde
