

MOHAMMED HAYAT KHAN

E&C Engineer.

Email ID : Mohammedhayatkhan978@gmail.com

Contact No. : +91 9606546482

Address : Bengere, Manglore.

SUMMARY :

Detail-oriented and motivated Electronics and Communication Engineering student with a strong foundation in electronics, circuit design, and communication systems. Equipped with hands-on experience in design, analysis, and problem-solving, and proficient in MATLAB for simulation and modeling. Demonstrates a strong understanding of engineering principles and methodologies, with proven ability to work collaboratively in team environments and deliver innovative solutions.

PROJECT :

Project name :-Autonomous vehicle using raspberry pi

Description:-Developed an autonomous vehicle using Raspberry Pi with sensor integration, obstacle detection, and real-time navigation for smart mobility applications.

Project:- smart irrigation system

Description:-Designed a smart irrigation system using IoT and sensor technology to monitor soil moisture and automate water supply for efficient agricultural management.

Project Title: Conveyor Module for Object Counting and Packaging

Description:

Developed an automated conveyor module using proximity sensors to detect objects on Conveyor 1 and identify empty boxes on Conveyor 2. Integrated a counter to track the number of objects and implemented a timer-based control system to ensure the conveyor runs until five objects are packed, after which it stops automatically.

Project Title: Fire-Fighting Robot

Description:

Designed and developed a fire-fighting robot capable of detecting fire, assessing hazards within a structure, locating and extinguishing fires, and assisting in search-and-rescue operations.

EDUCATION :

Bachelor of Engineering - Electronics and Communications

PA College of Engineering, Karnataka

2022 - Pursuing (4th Year)

Graduated in diploma

Tippu Shaheed Institute of Technology. Hubli

TECHNICAL SKILLS :

- Proficiency in Python and C++.
- Matlab Data Structures and Algorithms
- Development Methodology
- Testing and debugging techniques
- Database and SQL
- Adaptability and continuous learning

SOFT SKILLS :

- Excellent problem-solving and analytical skills
- Strong communication and teamwork abilities
- Ability to manage time effectively
- Adaptable and quick to learn new technologies
- Attention to detail and commitment to quality
- Strong organizational and project management skills

LANGUAGE

Hindi, English, Kannada and Malyalam.

DECLARATION

I hereby declare that the above particulars are true to the best of my knowledge and will submit the same whenever required.

Date : 02/06/2026

Place : MANGLORE
