Achievements:

- Achieved success as a Kabaddi player, demonstrating teamwork and competitive spirit.
- Pursued artistic talents through sketching, showcasing creativity and attention to detail.
- Excelled as a cricket player, displaying discipline, leadership, and strategic thinking.

Project

Did a project which would be helpful for coal mine workers. Made a project using Arduino and sensors for detecting any poisonous gases in the mine so that if any gas value will cross the threshold value we provide, then, everyone in the mine will be alerted so that workers in the mine can be rescued.

Activities held

Awareness in public

Brought awareness in the public by giving the information on environmental pollution and safety measures.

Speech at the summit

Given speech on the education system and the improvements that could be made at the educational summit. Received appreciation as well from the summit members.

Change in lives

Brought a change in the lives of village people in avoiding the usage of impure water from the river which was polluted. Achieved this by forming a group of people for the same.
